

Clinical Nurse Manager Job description

We are seeking a registered nurse for our Clinical Nurse Manager role at our Ophthalmology surgical center. This is a flexible position and can be full time with additional duties in our eye clinic or part time and limited to ASC duties. We currently operate one to two days a week and generally are finished by noontime on those days. The position entails surgical circulating for cataract surgery and occasional oculoplastic cases in our one surgical suite, pre and post operative laser surgery nursing care and the administrative duties which are required to maintain state and federal certifications. The clinical nurse manager will cover day-to-day clinical operations of the ASC, including coordination of patient care, budget management, departmental health and safety compliance, clinical supply purchasing, troubleshooting of problem areas, and supervision of a professional team. The position involves no night, weekend or holiday duties and comes with a generous compensation package.

The ideal candidate will have the following qualifications:

- Must be a graduate of a college or university and/or accredited school of nursing.
- Must hold a current license from the State Board of Nursing to practice as a registered nurse.
- Bachelor of Science in Nursing required.
- Current CPR/ACLS certificate required.
- Experience in ambulatory surgery environment preferred.
- Experience in operating room preferred.
- Experience in management preferred.
- IV certification preferred.

COVID-19 Considerations:

Work is performed in a medical practice environment and involves frequent contact with staff and patients. We follow the guidance and recommendations provided by the CDC PA Dept. of Health.

Currently, all applicants are required to be vaccinated for COVID-19 in order to be considered for the position.
