

ASORN is here to support our members and the entire Ophthalmic team during this novel coronavirus (COVID-19) pandemic which is presenting situations many have never encountered.

Below are several resources that may be helpful for the ophthalmic team and other frontline healthcare workers to keep themselves and their patients safe. ASORN is committed to assisting you and your patients by providing these resources and to support your team move toward reducing the risks associated with COVID-19.

CMS QSO-20-20-ALL Survey guidelines for Re-opening

<https://www.cms.gov/files/document/qso-20-20-all.pdf>

During health emergencies, WHO works to support development of tools necessary during outbreaks

[World Health Organization \(WHO\)](#)

Please visit the CDC's coronavirus resource page for the latest updates and prevention information.

[Centers for Disease Control and Prevention \(CDC\)](#)

See the CDC's strategies for optimizing the use of eye protection, isolation gowns, face masks and N95 respirators.
